

Privacy Policy

SCAN! is committed to protecting the privacy of our members, donors, subscribers, registrants, and campaign participants. We collect contact information online through the membership form, donation form, newsletter sign-up form, event registration forms, sign-up forms, and petitions. We use this information only for the purposes of communicating membership information, news about SCAN!'s activities, events and resources, donation requests and donation processing. Postal codes are collected to enable geographically targeted mailings and facilitate regional networking.

SCAN! has taken steps to keep all information received from our online visitors as secure as possible against unauthorized access and use. All personal information you provide is stored in a secure database with access restricted to authorized users.

SCAN! does not engage in commercial activities. We do not sell or provide contact information to other organizations.

We strive to protect the privacy of our members and donors with secure online transaction processes and confidential membership processes. For online donations SCAN! uses an industry standard third-party payment service which handles email addresses and credit card information with extreme confidentiality.

Changes to our privacy policy will be made on this page. If you have questions or concerns about our privacy policy, please email us at info@seniorsforclimateactionnow.org.
