

Motion on Gaza Ceasefire

Group Motion

Whereas Seniors for Climate Action Now! is a climate justice organization, and SCAN!'s platform includes a statement on war and militarism,

Whereas many Indigenous and climate justice groups worldwide, including CAN-Rac of which SCAN is a member group, have called for a ceasefire in Gaza,

Whereas the International Court of Justice (ICJ) has ruled that it is plausible that Israel is committing the crime of genocide against Palestinians; and the court imposed immediate measures on Israel to prevent genocide,

Whereas Canada, as a signatory to the Convention on the Prevention and Punishment of the Crime of Genocide, has a responsibility to prevent and punish genocide,

Therefore be it resolved that Seniors for Climate Action Now! calls for an unconditional immediate ceasefire in Gaza; and calls on the government of Canada to uphold the ICJ ruling, end all military support to Israel, and restore funding to UNRWA.
