Questions for Candidates

The Climate Crisis

Do you support a hard cap on emissions from oil and gas production?

Are you prepared to end immediately all government subsidies to the oil and gas industry?

Do you oppose any new east-west oil and gas pipelines?

Do you agree that we are living in a climate emergency, and that Canada has to reduce its emissions by 60% by 2030?

How to Respond to the Climate Crisis

Are you prepared to invest heavily in government sponsored affordable housing and subsidies for sustainable retrofits?

Renewable energy is cheaper than oil, gas, and nuclear: are you prepared to invest heavily in wind and solar energy?

We need special measures to cope now with the climate emergency: do you support public funds for free cooling centres and air cooling in rental units and early warning and service systems for weather disasters?

The Response to Trump's Trade War

For all workers affected by Trump's trade war, are you offering immediate relief like that which was granted during the height of the COVID pandemic?

Indigenous Issues

Will you seek the participation of Indigenous peoples in addressing climate change?

Do you support Indigenous peoples' Free Prior and Informed Consent, including their right to refuse oil, gas and mining projects on Indigenous land?

Are you willing to implement the 94 recommendations of the Truth and Reconciliation Commission *directly*, including:

- Full and effective implementation of the United Nations Declaration on the Rights of Indigenous Peoples? (No. 43)
- Declaration of renewed or established Treaty relationships based on principles of mutual recognition, mutual respect, and shared responsibility for maintaining those relationships into the future? (No. 45)
- Reaffirmation of the nation-to-nation relationship between Aboriginal peoples and the Crown (No. 46).
