

DRAW THE LINE

for People, for Peace, for the Planet

In Kingston, join the People-Powered Parade Saturday Sept. 20th.

1:30 gather in Victoria Park. Parade to McBurney Park

[Draw The Line](#) is a world-wide movement to build a just and livable planet.

On Sat. Sept. 20, groups across the country are uniting for Indigenous rights, migrant rights, economic justice, climate justice and peace. This nation-wide mobilization coincides with the opening of Parliament.

We refuse to stand by while the government and Canada's richest corporations hoard wealth, gut our public services, fuel climate collapse, attack migrants, exploit Indigenous lands, and prop up a genocide in Palestine.

Fossil fuels are the largest contributor to climate breakdown; generating wildfires, extreme heat, drought, floods and intense storms. Yet recent Federal government announcements include plans to export LNG to Europe; as well as to quadruple military spending by 2030 and to cut public sector spending by 25% over the next few years. Why invest in new fossil fuel infrastructure? Why pour billions of public dollars into militarism and surveillance and cut social services?

Bill C 5 'Building Canada Act' gives the federal government sweeping power to fast track 'mega projects' of 'national interest' without environmental review or public input, sidelining environmental, civic, and Indigenous rights. Bill C-5 threatens democracy, Indigenous rights and our natural heritage. Bill C 2 assaults migrant rights, particularly impacting migrant workers and asylum seekers. 200 groups have called for Bill C-2 to be withdrawn. Seeking asylum is a human right.

Let's choose a safe and just future for all – not climate chaos, corporate control and militarism. *Now is the time to make our voices heard!*

Fund our families and communities.

Uphold Indigenous Sovereignty.

Demand full immigration status for all now.

End the war machine. Stand for justice and peace.

End the era of fossil fuels. Protect Mother Earth.

Join the **Draw the Line: People-Powered Parade** on Sept. 20. We welcome fossil fuel free transportation. Feet. Cycles. Skate boards. Mobility devices. Stilts.
